

CONTROL PANELS

- Automatic snow sensing
- Internal panel heater
- Full stainless steel 14 gauge construction
- Continuous rugged stainless steel piano hinge
- Heavy-duty stainless steel three point latch accepts standard railroad padlocks
- Tamperproof, safe "dead-front" design
- Standard / long-life components
- Clear labeling and annunciation

ENERGY SAVING CIRCUITRY

- Ground fault protection
- Adjustable automatic operation time
- Individual heater circuit breaker protection
- Convenient localized wiring connections clear field wiring identification

JUNCTION BOXES & ACCESSORIES

- Durable cast aluminum construction
- Tapered cover for drainage

- Pre-Drilled
- All boxes come with breather drain installed
- Corrosion protected stand included
