

FASTRAX[®] SCANNER HEATING SYSTEM

A Complete Heating, Automated Sensing and Control System

*Fastrax[®] Exclusive State of the Art
Automatic Snow Sensing Control*

**FASTRAX[®]
Durable
Junction Box
With Snow Sensor
Installed**

*Keeps Scanner Crib Environment
CLEAR WITH MILD HEAT*

*Reliable in Nature's Most
RUGGED AND HARSH CONDITIONS*

FASTRAX[®] INDUSTRIES INC
8152 SouthPark Lane
Littleton, Colorado 80120

**FOR ULTIMATE HEATING
USE WITH FASTRAX[®]
CRIB & RAIL HEATERS**

System Components

GSC2210732
CONTROL PANEL

FAS1A SNOW SENSOR
& FMA5 SUPPORT MAST

FCH152409 CRIB HEATER ASSEMBLY
and (2) FSM42403 HEATERS

FJA200Y
JUNCTION BOX ASSEMBLY

FJCM200P
JUNCTION BOX COVER
WITH SENSOR (OPTIONAL)

FA04
INSTALLATION ACCESSORY KIT

Single Track

QTY REQ'D	PART NO FASTRAX® PART NO	DESCRIPTION
1	GSC2210732	Fastrax® Stand Alone Scanner Control Panel: Controls up to two Fastrax crib heater platform assemblies and up to four Fastrax single ended scanner heaters. 7 KW maximum capacity, (2) 32 ampere, 240 volt, terminals provided for line feed. Includes FAS1A snow sensor and support mast. Enclosure size: 20"H X 16"W X 6"D.
1	FCH152409	Fastrax® Crib Heater Platform Assembly: 1,350 total watts, 240 volts, 150 watts per foot of platform length. 8 foot 8 inches length, 8 inch width, 2-1/2 inch height. Includes (4) jack-bolt clamps
2	FSA42403	Fastrax® Single End Scanner Heater: 400 watts per foot of active heater length, 240 volts 750 total wattage, 2 foot 9 inches overall length, 2 foot 1 inch active length, includes (3) XTC600U rail anchor tension clamps, NO DRILLING REQUIRED.
1	FJA-200Y	Fastrax® Scanner Junction Box Assembly
1	FJCM200P	Fastrax® Junction Box Cover only with FGSP1A Snow Sensor Installed
1	FA041	Fastrax® Installation Accessory Kit: Includes insulated connector blocks, liquid tight extra flexible protective conduit, flexible conduit connectors, stainless steel hose clamps, test and tool accessories.
